Modern living in a quiet part of Vršovice

Located at Litevská 8, JITRO introduces a one-of-a-kind approach to modern living, merging the city's energy with a peaceful environment that balances privacy and community.

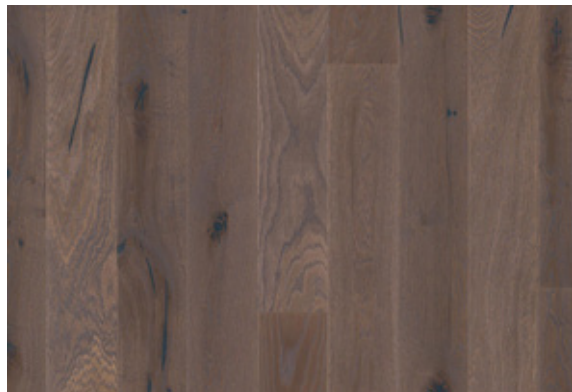

At JITRO, residents enjoy a range of amenities designed for comfort and convenience, including a fully equipped rooftop terrace, sauna, fitness center, parcel box, bike storage, and laundry facilities.

Peaceful living, minutes away from the city center

Flooring

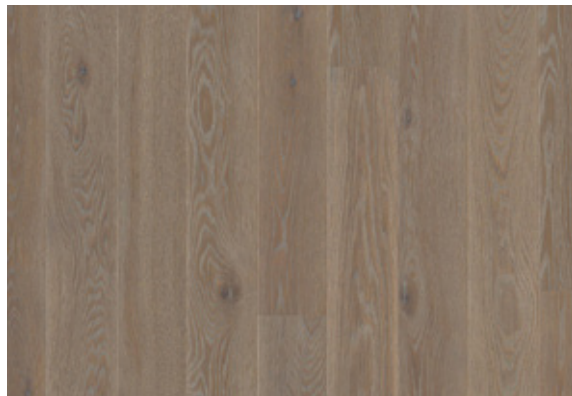

Three-layer floors Soliter Parket Boen

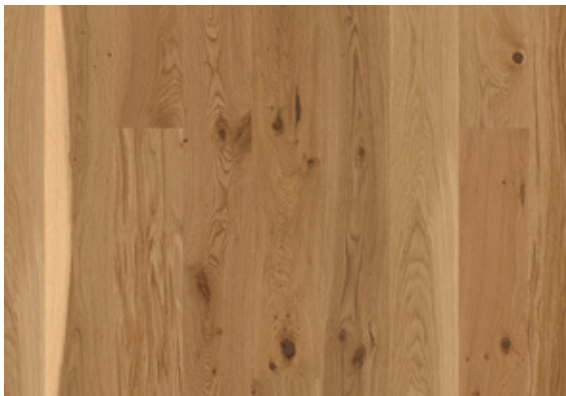

Elephant Grey Oak

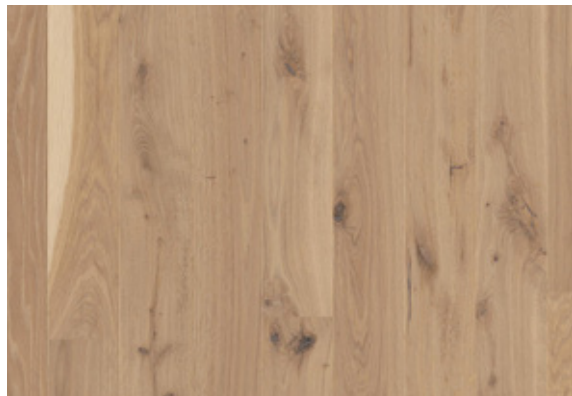

Grey Harmony Oak

India Grey Oak

Natural Oak Vivo

Transparent Vivo Oak

Three-layer construction

Minimizes the risk of floor distortion from changes in temperature and humidity, keeping the floor stable and less likely to expand or shrink

Lacquered surface

Offers superior resistance to wear, scratches, and moisture—extending the floor’s lifespan and making it easy to refresh through sanding and re-lacquering when needed

Round Rosette

Stainless steel finish, stainless steel base material

Bottom rosette options: with a privacy turn (WC knob) for bathroom and toilet doors, with a standard keyhole for other interior doors

STANDARD KEY

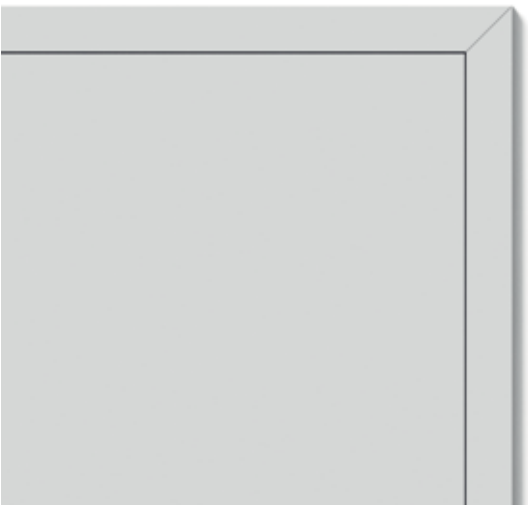

WC INT. HANDLE

WC EXT. HANDLE

Standard door frames

Normal Door Frame — Flush Design

The standard design of the corner joint is a 45° mitre cut

Tectus 340 3D Concealed Hinge

Flush doors with concealed hinges bring a clean, modern aesthetic to any space, featuring uninterrupted lines and refined functionality. As standard, they come equipped with TECTUS concealed hinges from the renowned German manufacturer Simonswerk.

Locks

MAGNETIC

Stainless steel finish

An ideal design solution for frameless doors – the strike is hidden, so it doesn't disrupt the smooth edge of the door leaf, even when open.
